9/2-42nd Annual Great Bathtub Race, Nome AK

In 1978, then-Mayor Leo Rasmussen was looking for a way to attract visitors to Nome. His brainchild, the wacky (and exceedingly clean) Great Bathtub Race, has no equal anywhere in the world. In this fun Labor Day event, teams line up at High Noon and prepare to race about 100 yards down Front Street.

Each team must have five members – one to “bathe” in the tub full of water and copious bubbles, while four others propel it in a mad dash down Nome’s most famous street. Racers wear the official Bathtub Race costume, consisting of a large brimmed hat and suspenders (frequently fashioned from duct tape).

Spectators are known to start the fun early by tossing water balloons at the athletes as they warm up. The tubs are mounted on wheels, and must be at least 4 feet long. Beyond that, there is no consistency, with teams doing their best to engineer an aerodynamic vehicle that will fly down the street – even when full of water and a bather.

At the finish line, the tub must still have 10 gallons of water in it, and racers must have their requisite items – bar of soap, towel, washcloth, and bathmat.

The winning prize? Bragging rights, and possession of a most unusual trophy: a figurine of Kermit and Miss Piggy taking a bath. (It’s passed on each year to the next winner).

“Come as strangers, live as friends”

“By all these lovely tokens, September Days are here, with summer’s best of weather, and Autumn’s best of cheer”

-Helen Hunt Jackson

September is the best of both worlds, warm, sunny days with beautiful sunsets, the leaves starting to turn into beautiful shades of red, orange, yellow and russet. The night air is crisp and you can feel a change in the air. September can also be a time of “change” and transition for many people. We will welcome many new people to Maple Ridge in September and sadly, we will wish some of our friends well, as they transition into another chapter of their lives. You have heard me say this many times, transition can be challenging, emotional and sometimes difficult. But transition can also be exciting, up-lifting and joyful. We have a wonderful community of people who understand transition, for sure. If you come across someone who is experiencing difficulty with some sort of transition, I know that you will be helpful and supportive. Afterall, you are the heartbeat of our community and it is you who fill our days with “summer’s best of weather and Autumn’s best of cheer”!
