

### St. Patrick's Day Fun Facts

Legend says that each leaf of the clover has a meaning: Hope, Faith, Love and Luck.

1962 marked the first time Chicago dyed their river green for St Patrick's Day.

Your odds of finding a four-leaf clover are about 1 in 10,000.

On this day, people usually eat corned beef and cabbage, and they wear green. However, corned beef is an English dish and not Irish.

At the age of 16, St Patrick was kidnapped and was taken to Ireland. He was kidnapped by a group of Irish raiders who were attacking his family's estate. He worked there for 6 years tending sheep and then escaped and became a priest.

### "Come as strangers, live as friends"

A very special thank you to all that donated cans for our can sculpture and those that took time to build our can sculpture. It was amazing to see our vision come to life and of course, in our opinions, the winning sculpture!

if we had no winter  
if we did not *sometimes* taste of adversity  
the spring would not be so pleasant  
prosperity would not be so *welcome*

As we look forward to Spring please remember, my door is always open for any questions, comments or concerns.

Quote of the Month: "This life is yours. Take the power to choose what you want to do and do it well. Take the power to love what you want in life and love it honestly. Take the power to walk in the forest and be a part of nature. Take the power to control your own life. No one else can do it for you. Take the power to make your life happy." -- Susan Polis Schutz
